

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2002-08
PHOTOGRAPHIC RECORD OF EVIDENCE (LOCAL AGENCIES)

MAY 7, 2002

In accordance with Government Code Section (GC §) 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for the Photographic Record of Evidence (PRE) program. These claiming instructions are issued subsequent to adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (COSM).

Penal Code Section (PC §) 1417.3, as added by Chapter 875, Statutes of 1985, and amended by Chapter 734, Statutes of 1986, and Chapter 382, Statutes of 1990, requires a photographic record of evidence, and in some instances a certified chemical analysis of the exhibit, for those exhibits in a criminal trial that pose a security, storage, or safety problem, or if the exhibit, by its nature, is toxic and poses a health hazard to humans.

On October 26, 2000, the COSM determined that Chapters 875/85, 734/86, and 382/90 established costs mandated by the State according to the provisions listed in the attached P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Any city, county, city and county, or special district with a law enforcement agency that introduces exhibits in criminal trials and incurs increased costs as a direct result of this mandate, is eligible to claim reimbursement of these costs.

Filing Deadlines

A. Initial Claims

Initial reimbursement claims must be filed within 120 days from the issuance date of claiming instructions. Costs incurred in implementing the provisions of PC § 1417.3 are reimbursable for fiscal years 1997-98 through 2000-01 and must be filed with the SCO and be delivered or postmarked on or before **September 4, 2002**. Estimated claims for the 2001-02 fiscal year must also be delivered or postmarked on or before **September 4, 2002**. Thereafter, having received payment for an estimated claim, the claimant must file an annual reimbursement claim by January 15 of the following fiscal year. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$1,000.

Costs for all initial reimbursement claims must be filed separately according to the fiscal year in which the costs were incurred. However, the initial claims will be considered as one claim for the purpose of computing the late claim penalty. Do not prorate the penalty among fiscal years. If the claims are late, the penalty should be applied to a single fiscal year.

In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions. **Claims filed more than one year after the deadline will not be accepted.**

B. Estimated Claims

Unless otherwise specified in the claiming instructions, local agencies are not required to provide cost schedules and supporting documents with an estimated claim if the estimated amount does not exceed the previous fiscal year's actual costs by more than 10%. Claimants can simply enter the estimated amount on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, claimants must complete supplemental claim forms to support their estimated costs as specified for the program to explain the reason for the increased costs. If no explanation supporting the higher estimate is provided with the claim, it will automatically be adjusted to 110% of the previous fiscal year's actual costs. Future estimated claims filed with the SCO must be postmarked by January 15 of the fiscal year in which costs will be incurred. Claims filed timely will be paid before late claims.

Minimum Claim Cost

GC Section 17564 provides that no claim shall be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds two hundred dollars (\$200), provided that a county superintendent of schools or county may submit a combined claim on behalf of school districts, direct service districts, or special districts within their county if the combined claim exceeds \$200, even if the individual school district's, direct service district's, or special district's claims do not each exceed \$200. The county superintendent of schools or the county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school, direct service, or special district. These combined claims may be filed only when the county superintendent of schools or the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a school district, direct service district, or special district provides to the county superintendent of schools or county and to the SCO, at least 180 days prior to the deadline for filing the claim, a written notice of its intent to file a separate claim.

Reimbursement of Claims

Initial reimbursement claims will only be reimbursed to the extent that expenditures can be supported and, if such information is unavailable, claims will be reduced. In addition, ongoing reimbursement claims must be supported by documentation as evidence of the expenditures. Examples of documentation may include, but are not limited to, employee time records that identify mandate activities, payroll records, invoices, receipts, contracts, travel expense vouchers, purchase orders, and caseload statistics.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the P's & G's adopted by the COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment,"

specifying the claim component adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Accordingly, all documentation to support actual costs claimed must be retained for a period of two years after the end of the calendar year in which the reimbursement claim was filed or amended regardless of the year of costs incurred. When no funds are appropriated for initial claims at the time the claim is filed, supporting documents must be retained for two years from the date of initial payment of the claim. Claim documentation shall be made available to the SCO on request.

Retention of Claiming Instructions

The claiming instructions and forms in this package should be retained permanently in your Mandated Cost Manual for future reference and use in filing claims. These forms should be duplicated to meet your filing requirements. You will be notified of updated forms or changes to claiming instructions as necessary.

For your reference, these and future mandated costs claiming instructions and forms can be found on the Internet at www.sco.ca.gov/ard/local/locreim/index.htm.

Photographic Record of Evidence

I. SUMMARY AND SOURCE OF THE MANDATE

Penal Code section 1417.3, as added by Statutes of 1985, chapter 875, and amended by Statutes of 1986, chapter 734, and Statutes of 1990, chapter 382, requires a photographic record of evidence, and in some instances a certified chemical analysis of the exhibit, for those exhibits in a criminal trial that pose a security, storage, or safety problem, or if the exhibit, by its nature, is toxic and poses a health hazard to humans.

On October 26, 2000, the Commission adopted its Statement of Decision that the test claim legislation constitutes a reimbursable state mandated program upon law enforcement agencies within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 for the following:

- Activities reasonably necessary to provide a photographic record of evidence for evidence that poses a security, safety, or storage problem as determined by the court. (Pen. Code, § 1417.3, subd. (a).)
- Activities reasonably necessary to provide a photographic record of evidence for evidence that poses a health hazard. (Pen. Code, § 1417.3, subd. (b).)
- The provision of a certified written chemical analysis of evidence that poses a health hazard. (Pen. Code, § 1417.3, subd. (b).)
- The storage of evidence that poses a security, safety, or storage problem as determined by the court. (Pen. Code, § 1417.3, subd. (a).)
- The storage of evidence that poses a health hazard. (Pen. Code, § 1417.3, subd. (b).)

II. ELIGIBLE CLAIMANTS

Counties, cities, or a city and county, school districts and special districts that have law enforcement agencies that introduce exhibits in criminal trials are eligible claimants.

III. PERIOD OF REIMBURSEMENT

Section 17557 of the Government Code states that a test claim must be submitted on or before June 30th following a fiscal year to establish eligibility for reimbursement for that fiscal year. This test claim was filed by the City of Los Angeles, Police Department on October 23, 1998. Therefore, costs incurred for Statutes of 1985, chapter 875, Statutes of 1986, chapter 734, and Statutes of 1990, chapter 382, are eligible for reimbursement on or after July 1, 1997.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included in the same claim, if applicable. Pursuant to Government Code

section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days from the date on which the State Controller issues claiming instructions.

If total costs for a given year do not exceed \$200.00, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

For each eligible claimant, the following activities are eligible for reimbursement:

A. Administrative Activities

1. Developing internal policies, procedures, and manuals, to implement the activities listed in sections IV.B, IV.C, and IV.D of these Parameters and Guidelines (one-time activity).
2. Maintaining files manually or electronically pursuant to implementation of activities listed in sections IV.B, IV.C, and IV.D. of these Parameters and Guidelines. The cost of this activity will be prorated for photographs actually introduced or offered as exhibits (ongoing activity).

B. Photographic Record of Evidence (Pen. Code, § 1417.3(a))

For exhibits that pose a security, safety, or storage problem as determined by the court, or for exhibits that pose a health hazard to humans, including the definition of hazardous waste in 40 Code of Federal Regulations part 261, or human health hazards which are subject to Health and Safety Code sections 117600 *et seq.*, or Health and Safety Code sections 25140, *et seq.*:

1. Purchasing equipment and supplies reasonably necessary to photograph the exhibits, whether for digital or film pictures, including, but not limited to: cameras, developing equipment, laser printers, software, film, computers, and storage.
2. Taking of the photographs, sorting and storing photographs, and developing and printing photographs. This activity is limited to photographs actually introduced or offered into evidence as exhibits. Claimant must provide supporting documentation with subsequent reimbursement claims that the court has deemed the exhibit a security, safety or storage problem by providing a copy of the court order, local rule, or other proof of the court's determination.

C. Provision of Certified Written Chemical Analysis (Pen. Code, § 1417.3(b))

For those exhibits that pose a health hazard to humans, the sampling, analysis, and preparation of a written report by a laboratory certified by the State of California for performing the chemical analysis. This does not include reimbursement for sampling, analysis, or report preparation for controlled substances, including those defined in Health and Safety Code sections 11054 *et seq.* unless the exhibit is toxic and poses a health hazard to humans.

D. Storage of Exhibits (Cal. Code of Regs., tit. 2, § 1183.1(a))

For exhibits that pose a security, safety, or storage problem as determined by the court, or for exhibits that pose a health hazard to humans for which the local entity offers or introduces a photographic record of evidence:

Transportation to and maintenance within an appropriate storage facility for the type of exhibit. Storage of the exhibit shall be from the time of photographing until after final determination of the action as prescribed by Penal Code sections 1417.1, 1417.5, 1417.6, or court order or rule of court that dictates the retention schedule for exhibits in criminal trials.

V. CLAIM PREPARATION AND SUBMISSION

Each claim for reimbursement pursuant to this mandate must be timely filed and identify each of the following cost elements for each reimbursable activity identified in section IV of this document.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. Direct costs that are eligible for reimbursement are:

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of these reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name(s) of the contractor(s) and service(s) performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A.1, Salaries and Benefits, and A.2, Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element A.3, Contracted Services.

B. Indirect Costs

Compensation for indirect costs is eligible for reimbursement.

1. School Districts

School districts must use the J-380 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

Community colleges have the option of using: (1) a federally approved rate, utilizing the cost accounting principles from the Office of Management and Budget Circular A-21, "Cost Principles of Educational Institutions"; (2) the rate calculated on State Controller's Form FAM-29C; or (3) a 7% indirect cost rate.

2. Counties, Cities and Special Districts

Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachment A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the Claimant shall have the choice of one of the two following methodologies:

- a. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.
- b. The allocation of allowable indirect costs (as defines and described in OMB Circular A-87 Attachment A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. SUPPORTING DATA

A. Source Documents

For auditing purposes, all incurred costs claimed must be traceable to source documents that show evidence of the validity and their relationship to the reimbursable activities. Documents may include, but are not limited to, worksheets, employee time records or time logs, cost allocation reports (system generated), invoices, receipts, purchase orders, contracts, agendas, training packets with signatures and logs of attendees, calendars, declarations, and date relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements.

B. Record Keeping

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to audit by the State Controller no later than two years after the end of the calendar year in which the reimbursement claim is filed or last amended. See the State Controller's claiming instructions regarding retention of required documentation during the audit period.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statute or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds, shall be identified and deducted from this claim. This includes offsets pursuant to Health and Safety Code section 11642, subdivision (c)(1) which authorizes the State Controller, to the extent funds are available, to reimburse counties with population under 1.75 million for the cost of removal, disposal or storage of toxic waste from clandestine drug labs.

VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained herein.

IX. PARAMETERS AND GUIDELINES AMENDMENTS

Parameters and guidelines may be amended pursuant to Title 2, California Code of Regulations, section 1183.2.

Program 215	PHOTOGRAPHIC RECORD OF EVIDENCE (LOCAL AGENCIES) CLAIM SUMMARY Instructions	FORM PRE-1
------------------------------	--	-----------------------------

- (01) Enter the name of the claimant.
- (02) Type of Claim. Check a box, Reimbursement or Estimated, to identify the type of claim being filed. Enter the fiscal year of costs.
- Form PRE-1 must be filed for a reimbursement claim. Do not complete form PRE-1 if you are filing an estimated claim and the estimate does not exceed the previous fiscal year's actual costs by more than 10%. Simply enter the amount of the estimated claim on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, form PRE-1 must be completed and a statement attached explaining the increased costs. Without this information the estimated claim will automatically be reduced to 110% of the previous fiscal year's actual costs.
- (03) Department. If more than one department has incurred costs for this mandate, give the name of each department. A separate form PRE-1 should be completed for each department.
- (04) Reimbursable Components. For each reimbursable component, enter the totals from form PRE-2, line (05), columns (d) through (i), to form PRE-1, block (04), columns (a) through (f), in the appropriate row. Total each row.
- (05) Total Direct Costs. Total columns (a) through (g).
- (06) Indirect Cost Rate. Indirect costs may be computed as 10% of direct labor costs, excluding fringe benefits, without preparing an ICRP. If an indirect cost rate of greater than 10% is used, include the Indirect Cost Rate Proposal (ICRP) with the claim.
- (07) Total Indirect Costs. If the 10% flat rate is used for indirect costs, multiply Total Salaries, line (05)(a), by the Indirect Cost Rate, line (06). If an ICRP is submitted and both salaries and benefits were used in the distribution base for the computation of the indirect cost rate, then multiply the sum of Total Salaries, line (05)(a), and Total Benefits, line (05)(b), by the Indirect Cost Rate, line (06). If more than one department is reporting costs, each must have its own ICRP for the program.
- (08) Total Direct and Indirect Costs. Enter the sum of Total Direct Costs, line (05)(g), and Total Indirect Costs, line (07).
- (09) Less: Offsetting Savings. If applicable, enter the total savings experienced by the claimant as a direct result of this mandate. Submit a detailed schedule of savings with the claim.
- (10) Less: Other Reimbursements. If applicable, enter the amount of other reimbursements received from any source including, but not limited to, service fees collected, federal funds, and other state funds, which reimbursed any portion of the mandated cost program. Submit a schedule detailing the reimbursement sources and amounts.
